---

Name and Date of Science and Engineering Fair you will attend

---

Working title of your project

How did you choose this topic? (Briefly describe your inspiration for this research.)

---

---

---

---

Briefly describe your project in the space below. A research plan must also be attached.

---

---

---

---

Describe the type of materials/supplies needed for your project. Itemized details should be listed in your spreadsheet, not here.

---

---

---

---

You are required to submit a budget spreadsheet of your project materials. The spreadsheet must include specific items needed, cost of items and where items will be purchased. Include web address where applicable.

Total funding request, up to \$250. (This amount should match your grant ask from the budget spreadsheet.)

Will you be looking for other sources of funding?

---

If you answered yes above, please list other possible sources of funding.

---

---

---

---

Other thoughts or explanations you wish to add to your application?

---

---

---

---

**The deadline to submit this application is midnight Friday, November 9, 2018.**

Send your completed application, budget spreadsheet and research plan attached to an email message to: [jody.oostema@utah.edu](mailto:jody.oostema@utah.edu). You will receive a reply within two days. If you do not receive a reply to your grant application submission, either resend your email or send a message to the address above.

DO NOT wait until the last day to fill in and submit this application or ask questions. Failure to receive an answer to a question submitted on the due date is not a valid excuse for a late grant submission.

Once your application is submitted, a decision will be made on whether your grant application will be accepted, in full or part, no later than November 30, 2018. You will be notified by email at the address that you submit on this form. All correspondence from USEF will include both the student's and sponsor's email address.
